Keurig™ Travel Mug Use & Care Guide

Getting Started 1

Using the Travel Mug 2

Additional Cleaning Tips 3

- The AUTOSEAL® lid is designed to help prevent spills from accidental tipping.
- The AUTOSEAL® lid that came with your new Travel Mug is designed to only fit your Travel Mug. Not for use with other products.

1. Getting Started

www.keurig.com | 1.866.901.BREW (2739)

! WARNING:

1. Careful. The beverage you are about to enjoy is very hot. For best results always use caution.
2. Always press the AUTOSEAL® button when the Travel Mug is in the upright position prior to lifting it to drink. This will release any built up pressure. Release button to seal Travel Mug.
3. Keep out of reach of children when filled with hot liquids.
4. Prior to drinking, check to ensure the lid is properly threaded to body and screwed down 100%. Button should be depressed to release pressure each time the lid is screwed on.
5. If filling with boiling liquids, allow liquid to cool down for at least 3 minutes before sealing with the lid.
6. Beverages brewed below boiling temperatures can be poured directly into the Travel Mug without waiting for liquids to cool down.
7. Avoid accidental depressing of the button by keeping button free and clear from other objects.
8. Do not microwave and do not freeze.

Always rinse lid immediately after use. Rinse Drink Spout and vent hole prior to putting lid in top rack of dishwasher:

- Turn lid so underside is facing up and fill with hot soapy water.
- Tilt lid towards the Drink Spout while pressing the button to allow the soapy water to run through it.
- Then tilt lid towards the button while pressing the button so soapy water can run through the vent hole.
- Do this a few times for best results.

Clean Travel Mug body by hand after each use:

- Hand wash Travel Mug body with warm water and with a mild cleaning detergent; Dry with a non-abrasive cloth.
- Store Travel Mug body with lid removed to allow parts to dry.
- ★ **Do not place the Travel Mug body in the dishwasher.**
- ★ **Do not use bleach, chlorine, abrasives and/or other harsh chemicals.**

2. Using the Travel Mug

www.keurig.com | 1.866.901.BREW (2739)

Fill to just below the threading.

1

1. Remove the Brewer Drip Tray and fill Travel Mug with hot beverage. Do not fill Travel Mug with more than 14 oz. of liquid.

- ★ Ideal for the large Travel Mug brew size on your Keurig® K-Cup® Brewer.
- ★ Fill Travel Mug with ice and enjoy Brew Over Ice beverages.

Rotate lid counter-clockwise until you hear a click and lid falls into place.

Then rotate lid clockwise to tighten.

2

2. Place lid on top of Travel Mug. Apply slight downward pressure and rotate lid counter-clockwise until you hear a click and lid falls into place. Then rotate lid clockwise to tighten.
- ! Button should be depressed to release pressure each time the lid is screwed on.

Press AUTOSEAL® button with Travel Mug in the upright position.

Release AUTOSEAL® button to seal Travel Mug.

3

3. Always press the AUTOSEAL® button when the Travel Mug is in the upright position prior to lifting it to drink. This will release any built up pressure. Release button to seal Travel Mug.

3. Additional Cleaning Tips

To clean the top of the lid:

- Use a non-abrasive sponge or brush/swab to clean the Drink Spout in the open and closed position.
- Rinse while pressing button to allow the soapy water to rinse through the Drink Spout.

To clean the underside of the lid:

- Clean the underside of the lid with a non-abrasive sponge or swish in hot, soapy water.
- If desired, a small pipe cleaner style brush, small arts & crafts paint brush, or a cotton swab can be used to clean the inside of the AUTOSEAL® mechanism. Turn the lid so the underside is facing up and fill with hot soapy water. Run a brush head or swab along the following areas to ensure complete cleaning:

Underside of the Drink Spout

Underneath and along both sides of the center plastic piece of the lid

Along the inner and outer walls of the threading

- Rinse repeatedly while pressing the button to allow soapy water to rinse through the Drink Spout.
