

# Introducing The Small Office Dream Machine

## The New Keurig B140 Single Cup Brewer

Keurig revolutionized the small office OCS segment with innovative single cup technology. Today, our introduction of the B140 small office brewer has our competition playing "follow the leader" all over again.

**More Features:** multiple cup sizes, removable water tank, and a first: automatic hot water tank "drainability" with the flip of a switch.

**Proven Reliability:** similar technology used in 200,000 Keurig At Home Brewers that have won raves from retailers, consumers, and the press.

**The Keurig B140:** a Dream Machine for small offices and operators.
